

Summer in Motion 2020

August 3 - 28

Register online NOW at www.theconservatoryofdance.net

The Conservatory of Dance is back with fun summer camps, classes and workshops!

Rest assured, we have taken every step possible to make our planned events safe for all. Some of the planned classes and events for August will be happening at an alternate, outdoor location since being outside is the safest place right now. For those classes happening at the studio, we ask that students age 5 and up wear a face mask while entering the studio, sanitize their hands and get a temperature check with a touchless thermometer before proceeding into the classroom. 10ftx10ft squares have been taped out on the floors of each classroom so dancers can have their own space to remove their masks and still maintain a safe distance from others while dancing (masks will remain on when not dancing). As long as the weather is nice, fire-exit doors will be propped open to allow fresh air circulation. All dancers who attend a summer camp will receive their own crafting kit during craft time so nothing will need to be shared. Surfaces, including dance flooring, will be sanitized after each class or event. We want all who enter to feel safe and have fun!

Classes & Events
